Your strong local voice

I have lived, worked and been a part of the Deakin electorate all of my life. Born and raised in Ringwood, I learnt to appreciate the virtue of hard work from my parents, who ran a local small business.

I attended Aquinas College in Ringwood before earning a double degree in Commerce and Law from Deakin University and later, a Master of Laws at the University of Melbourne.

I have been honoured to represent the electorate of Deakin over the past three years. As a local, I understand the issues that concern residents and I'm working hard to be a strong and effective voice on key local, national and international issues in Parliament.

With the support of my wife Anna, I am committed to making a real difference to the lives of people living in Deakin.
